

CITY GLOBULES.

Fireworks to-night, weather permitting, at the head of Wabashaw street, under the supervision of B. H. Haro.

The old-fashioned celebration of the Fourth by the Pioneer Hook and Ladder company commences at 9:30 o'clock this morning.

Two men named Roxy Kelly and Jack Moran were arrested yesterday, charged with beating a stranger out of \$5. The hearing will take place to-day.

Last evening a sneak thief entered Mrs. Morton's bungalow on Eagle street and stole a dress belonging to the housekeeper. The thief was afterwards arrested by Officer Newell.

The gas main on Fourth street, near Sibley, burst yesterday morning, and for a short time it rendered that neighborhood rather unpleasant for persons possessed of refined olfactory organs. Officer Cook came to the rescue, and had the gas turned off.

The GLOBE is requested by Mr. S. E. Hardy to announce that there will be a mass meeting of colored citizens held at the old court house, Tuesday evening, to arrange for the proper celebration of the anniversary of emancipation in the West India Islands.

A visitor to the St. Louis house, a house of ill-fame on Eagle street, set fire to a sky rocket during a drunken revelry early yesterday morning, which exploded and badly burned one of the inmates named Stella Snoid. A warrant has been issued for his arrest.

A back and team belonging to J. Flannigan was stolen from Danholzer's park yesterday afternoon by a man named Adam Schulte. The latter was on a drunken debauch and was arrested by Officer Brown last night enjoying the benefits of a free back ride.

A regular meeting of the late of the summer season, of Minnesota Chapter Royal Aroh Masons, will be held on Tuesday evening, for the purpose of installing the officers newly elected. The meeting will also be a business one, and will dispose of all the business on the docket.

The boot and shoe store of Jacob Thauwirth No. 99 East Fifth street, was burglarized on Saturday night and eight pairs of shoes and three pairs of boots stolen—in all about \$60 worth of goods. The thief effected an entrance through a side window. No clue as yet to the thief.

A Senegambian of more than ordinary sable hue, hired a horse and buggy from Hill's livery stable yesterday morning, and commenced to celebrate. He fell early in the fight, and Officer Murphy provided him with quarters in the cooler. Jebsang read him the Sunday service, and he will no doubt leave the bull pen this morning a wiser darkey.

Ordinarily, twenty-four hours of Fourth of July each year, is a fearful penalty to pay for the freedom of even a great nation as this, but when it comes to seventy-two hours of torture, the average freeman feels like consigning the whole Chinese nation to everlasting torments for inventing that device of the devil, called the fire-cracker.

Mr. John C. Fleischer left last evening for Frankfort-on-the-Main, as the Minnesota representative to the grand Turner's festival in that city. At Milwaukee he will be joined by Mr. Anthony Schaefer, who goes to compete for the championship of the world in gymnastic feats. Mr. Schaefer is a St. Paul boy, and has carried off more than one prize in this and other States, and he may bring back with him the grand medal and belt of championship.

Dr. Abbott's high-mettled animal showed his disgust at the desecration of the Sabbath, yesterday forenoon, when a fire-cracker exploded near his head, by shaking the dust of the city behind him. He took the shortest route for the country by tearing down Third street and crossing the bridge. Although he met and met a number of teams, both on the street and bridge, he picked his way around them all without damage. At last accounts he was near the Iowa line and still going.

It was reported last night that a railroad smash-up had taken place at North Branch, a station on the St. Paul & Duluth railroad, and that Mrs. Murphy and Hagan had been summoned to attend the wounded. Inquiry was made at the office of the company where the report was denied as untrue. The physicians named boarded a locomotive at White Bear for North Branch yesterday afternoon, and were being questioned Dr. Murphy stated that they had been called to attend a regular patient.

The festivities at Lake Elmo were temporarily marred last evening by a combat between two inebriated bruisers, both of whom received their just deserts. Reilly, the man that got whipped, had been sobbing for a fight all afternoon and found his match about nightfall in the person of a party named Nolan, who gave him a sound thrashing. The latter was put under arrest by the sheriff of Stillwater. Nolan is a brakeman on the road, and it is thought that Reilly's injuries are quite serious.

Charley Haines is unfortunate. It is only a short time ago that some ungenerous sinner paid him an early morning call and walked off with nearly \$200 of his wealth, and on Saturday evening, while Charley was patriotically celebrating the advent of the Nation's birthday in front of the opera house, he was relieved of \$35, in gold, which he had hastily placed in his pocket of his pants. The theft was neatly executed, showing that there are experts in this line in the city. Hereafter Charley will deposit his ducaats with a GLOBE reporter for safe keeping.

The excursion to Lake Elmo yesterday, under the auspices of the Great Union band, was a pleasant and thoroughly enjoyable success. In point of weather the day was lovely and the charming attractions of this favored resort were never seen to more favorable advantage. Eight car loads of excursionists left St. Paul for the lake and the number was swelled by numerous visitors from the adjacent towns and cities. The band arrived in the afternoon and the visitors were regaled with a number of choice musical selections. The beauty of the scene was enhanced at nightfall by the electric light which illuminated the lake, and on Saturday evening and conspired to make a picture of captivating beauty. The day was one of unalloyed pleasure to all.
