CITY GLOBULES.

During July 461 personal tax suits were commenced in the district court.

The widow of Mortimer Grogan filed a petition in the probate court yesterday for letters of administration. The estate is only valued at \$1,000.

Four employees of the Northern Pacific Railroad company were arrested yesterday for filling up a public alley near the junction of the road with Broadway street.

Gov. Hubbard on yesterday granted the request for the use of the senate chamber for the use of the forthcoming convention of the United States railway and mail service.

Fred. Remer, who was held to the grand jury for attempting to shoot a man near the Post Siding, was before Judge Wilkin yesterday on an application for bail. The matter was postponed until to-day.

The warm weather had a depressing influence on the marriage market. For the month of July only ninety-six couples were mated, but Clerk Bell expresses the belief that business in this direction will soon look up.

Officer Simons handed his star to Chief Clark last night, and notified his superior that he had resigned. He has been suffering from a swollen limb for a number of weeks past, and there was also at issue a matter of discipline.

Gen. Baker is authority for the fact that a no inconsiderable amount of blight has put in its appearance in the wheat fields in Blue Earth, Faribault and adjacent counties, while there is also some rust in the fields in this section of the state.

The West side brass band will give an excursion and dance on the steamer Long-fellow to-morrow evening. The steamer and barge will leave the foot of Jackson street at 2:30 in the afternoon. Those who live in the Sixth ward can board the steamer at the foot of Bertha street.

A decision was rendered by Judge Brill yesterday in the case of D. D. Merrill vs. Samuel Dearing. The court holds that plaintiff is the owner in fee of the real estate described in the complaint, and entitled to \$25 per month damages from the 3d of March, 1880.

Yesterday Judge Simons issued an order providing for alimony in the divorce suit of Potter vs. Potter. The plaintiff, Sarah Potter is allowed \$20 per month pending the action, commencing from July 10th, and the additional sum of \$50 within twenty days to enable her to carry on the action.

The postoffice officials have been embarrassed to some extent lately, owing to a misapprehension on the part of the business public in addressing mail matter to the town of Richmond in this state. The trouble has arisen from the existence of two Richmonds, that being the name of a small postoffice in Winona county, the town of Richmond being in Stearns county. All letters intended for the latter place should include the word Torah in the address.

Gov. Hubbard was in receipt yesterday of a letter from Boston, Mass., which was distinguishable for its bad spelling and freedom from grammatically constructed sentences, asking him to give the writer information as to whom "the tax collector of Minnesota might be." He will be given the full list of this small army of city and town officials, and make his selection of the precise individual he wants. It is generally the tax collector who is seeking the individual and not the individual the tax collector, and consequently the writer must have something serious on the shelf.

Hon. M. H. Donnell, Owatonna, in St. Paul yesterday reported that, encouraged by the very liberal subscriptions of citizens of St. Paul, the local committee in charge of the erection of the state fair buildings, totally destroyed by the recent cyclone, had gone to work with renewed hope and energy, and that the main building was already being roofed, while work upon the stabling was progressing satisfactorily, and that there need be no fear but that all the buildings would be completed and in good shape for the reception of exhibitors several days in advance of the advertised time.

Ex-alderman Thomas Grace now comes to the front with a statement of the condition of the crops in Southwestern Minnesota, he having just returned from a visit to his farm in the western part of Nobles county, adjoining Rock. Mr. Grace has 340 acres in corn this year—wheat, oats, corn, etc. This is the fifth year he has cropped the place, during which time the yield of wheat one year was 25 bushels to the acre, and another 25½ bushels, and the prospects now indicate a larger yield than either of the above. His corn and oats he says, are equally fine. In short, he says, he never before saw such grain so promising at this season of the year.

A mass meeting of colored citizens was held Monday evening, at the A. M. E. church, called for the purpose of selecting twelve delegates to the state convention of colored citizens, called to meet in this city August 20th, to choose delegates to the national convention to be held at Louisville in September. There was a good attendance at the meeting and much enthusiasm manifested, but after a general discussion the matter of selecting delegates to the state convention was left to a committee of twelve, whose aim will be to send a delegation worthy of the colored citizens of the Capital city. The following delegates were elected: E. P. Wade, J. H. Hickman, T. H. Lyle, Fielding Combs, Thos. Jefferson, R. Reynolds, Harry Howard, G. C. Allen, Nelson Taylor, James Bannister, D. W.
