JUST ONE MORE MONTH, BOYS AND GIRLS, OF THE GOOD OLD SUMMER TIME

LIKE A PRISON

THE CARDINALS TAKE VERY RELUCTANTLY TO THE VATICAN CELLS WHERE THEY ARE TO BE CONFINED.

ACCOMMODATIONS POOR

Among Those Who Expressed Dissatisfaction at the Arrangement is Cardinal Maszary of Hungary, Probably the Wealthiest of the Cardinals, Who Has Declined to Eat with the Others—Kitchens and Dumb Waiters Tested.

Rome, July 30.—The Vatican to-day was the scene of great activity both inside and outside. Within the Vatican the last preparations were making for the conclave and everything was in the utmost confusion.

Workmen and servants were hurrying hither and thither, some hanging curtains, others putting in extra furniture, while porters were staggering along under immense trunks, as if some of the cardinals expected to remain in their cells for months. Other cardinals sent practically nothing.

In the Sistine chapel work will go on throughout the night. The catafalque, erected for the funeral services, is being pulled down and the galleries built for the accommodation of special personages, being replaced by stalls for the cardinals. These will be ranged on both sides and surmounted by canopies, all in violet, except that of the Camerlengo, Cardinal Oreglia, which will be green, as he is the only cardinal of the congregation created under the reign of Pius IX.

Outside the Vatican work was of a different character, the quiet work of supporters of different candidates marshaling their strength for the contest which is to come when the doors of the conclave are closed.

No one candidate stands out as prominently as did Count Pecci in the conclave of 1878, and the discussion here is not so much concerning the superior qualities of candidates as of the strength with which they are credited.

Rome, July 30.—The cardinals to-day visited the cells which they are to occupy during the conclave, but it cannot be said they returned very enthusiastic over the idea of being confined, perhaps for some time, in what are rightly termed "cells," which are without running water and necessary ventilation. It was feared that the health of some of the older and more feeble cardinals might suffer.

Perhaps the most dissatisfied was Cardinal Maszary, who as hermit of Hungary is the wealthiest of the cardinals. He is credited with an income of \$400,000 annually. He insists that he cannot eat with the others and must have his meals outside.

Tonight experiments were made with the kitchens, the working of which is considered quite important, as about 500 people must be fed there daily for an indefinite period. The trials were completely successful.

The revolving dumb waiters were also tested. They are characteristically Roman and consist of wheels with shelves on which things are placed and they are made to revolve, carrying things in or out but making it quite impossible for persons on either side to see each other.

It is expected that Count Soderini, whose position at the Vatican is that of bearer of the "Golden Rose," the greatest gift which a pope can confer upon members of royal families, was entrusted by Leo with the task of writing the history of his pontificate, enjoining upon him the fact that he wished a true history and not a eulogy. Count Soderini was furnished with abundant documents for his work.

CHICAGO BRIBE TAKERS TO BE PROSECUTED

Chicago, July 30.—Indictments were returned to-day by the grand jury against five sanitary inspectors, including John S. Kelly, assistant chief sanitary inspector, for accepting bribes. Kelly is a prominent leader and was at one time president of the Chicago Journeymen Plumbers' union.

KANSAS GETS NEEDED RAIN. Kansas City, July 30.—Heavy rain fell in all the counties of the Kansas corn belt to-day and still more rain is expected. The hot weather has not damaged the corn, but the rain was urgently needed.

DIPLOMATIC CORPS PROTESTS

Entanglement Between Authorities at Caracas and the Spanish Consul Will Likely Be Settled.

Port of Spain, Island of Trinidad, July 30.—Passengers who just arrived from Caracas say that in consequence of the incident which occurred last Monday at Lagunaira as the result of friction between the Spanish consul and local authorities, the exequatur of the consul was withdrawn. The diplomatic corps at Caracas met and decided to send a joint note protesting against the action of the Lagunaira authorities and withdrawal of the exequatur of the Spanish consul. They took this action, it is said, not for the purpose of assisting Spanish claims before the mixed tribunal but because of the precedent which would be established and because they considered it contrary to the protocols made with the powers and signed by Mr. Bowen, United States minister, acting as representative of President Castro.

EXPLOSION VICTIMS NUMBER NINETEEN

Lowell, Mass., July 30.—The number of deaths caused by yesterday's powder explosion at Wigginsville tonight stands at nineteen, but it may be increased to twenty-one at any moment by the death of two of the ten victims now at St. John's hospital. All day the searchers probed the vicinity for any trace of possible unknown victims of the tragedy, but nothing was brought to light which would indicate that the number would be greater than reported.

The official report of the Tewksbury selectmen places the loss in the immediate vicinity of the powder magazines at more than \$100,000.

BANISHED MINERS MAY ENDEAVOR TO RETURN

The Men Driven Out of Idaho Springs Have Secured Attorneys in Denver.

Idaho Springs, Col., July 30.—The coroner's jury in the case of Philip Fire, the Italian union miner, who was found fatally injured near the scene of the blowing up of one of the buildings of the Sun and Moon mine Tuesday night, to-night returned a verdict that he "Came to his death as the result of an attempt on his part and others to blow up the buildings of the Sun and Moon mine."

Although Fire was supposed to have been killed by a bullet from a pistol of the watchman at the mine, the autopsy failed to establish the fact and officiating physicians incline to believe that he was killed by the explosion.

Two more members of the miners' union were arrested to-day. Both are Italians. The men who were driven out of town by business men last night are in Denver and have engaged attorneys to look after their interests.

The Western Federation of Miners officials are interesting themselves in their behalf.

The subpoena could not be served as Mrs. Kelly could not be found. Mrs. Kelly was served with a subpoena at Jefferson City as she was leaving there last night, to appear before the Cole county grand jury as a witness Aug. 3. It was supposed that she had returned to St. Louis but she could not be found here to-day.

SEAT OF TROUBLE

SECY. CHAMBERLAIN ANSWERS MR. MARKHAM'S CRITICISM OF SOUTH AFRICAN AFFAIRS.

IRRECONCILABLES AT WORK

The Effort to Carry Out the Government's Policy in Developing the Country, Is Being Happily Carried Out by a Majority of the Boers, Who Work in Harmony with the English. Some of the Boers, However, Are Causing Trouble.

London, July 30.—In the House of Commons to-day during the discussion of the colonial office vote, replying to a bitter attack on the government's policy and Lord Milner's administration of South Africa, by Mr. Markham, Liberal, in the course of which he charged that affairs were growing worse, Colonial Secretary Chamberlain defended at some length the administration of South Africa. He said the greatest difficulty was not the reconciliation of Boers and Britons but the reconciliation of the Boers with the Boers.

The Secretary called attention to the fact that the Boers were making every effort to develop the country and were forming local agricultural associations of which the chairmen in many cases were former leaders of the Boer forces.

Mr. Chamberlain admitted that much remained to be done and said if it was found that the work of pacification was prevented by irreconcilables the government would not hesitate to use its strong power to repress the mischief makers.

Secretary Root already has taken steps to place troops at Guantanamo and Bahia Honda and some of the naval officers are not well pleased at his action. Secretary Root by invitation briefly addressed the board.

The board adjourned subject to the call of the chairman.

Cleveland, O., July 30.—A meeting of the grand officers of the Brotherhood of Locomotive Engineers will be held within a few days to select a new grand chief and assistant grand chief to succeed P. M. Arthur and A. B. Youngson. The fact that Mr. Youngson, just before his death, nominated H. M. Shay of Youngstown as first assistant grand chief will have no effect, according to authorities as the board of grand officers had no chance to confirm his nomination before the death of the grand chief.

FAST IN ALL WINDS

THE SHAMROCK III GIVEN A SEVERE TEST IN A TWELVE KNOT BREEZE.

THE OLD BOAT OUTCLASSED

In Eight Miles of Windward Work Lip-ton's Challenger Acquired a Lead of Six Minutes—Accident to Shamrock I on the Beat Home Caused Her to Draw In and Abandon the Race.

Atlantic Highlands, N. J., July 30.—In a sea rougher than any she had ever raced in before, and with a wind which at times blew more than twelve knots an hour, the Shamrock III experienced her most severe racing trial to-day and acquitted herself as a candidate for the America's cup should. Her performance in eight miles of windward work in which it was estimated she beat the Shamrock I by six minutes was a surprise. The two Shamrocks left Sandy Hook lightship in a ten knot breeze at 11:08.

It was dangerous racing in such rough water and after half an hour, when Shamrock III had a comfortable lead over Shamrock I, they went about and ran back to Sandy Hook lightship. At the turn of the lightship at 11:35 Shamrock III was thirty seconds ahead. Both boats were fairly flying.

Hauling on the wind for beat down the Jersey coast, Shamrock III surprised even her admirers. The Shamrock I quickly dropped away to leeward. For an hour and seven minutes they worked to windward and when eight miles from Sandy Hook the challenger was six minutes ahead of the old boat.

In a puff of wind a split about two feet long occurred near the peak of the mainsail of Shamrock I and the trip was abandoned. Sir Thomas received a dispatch from Commodore Jarvis of the Royal Canadian Yacht club to-day, saying the club would take a cruise to Niagara to welcome Sir Thomas when he takes luncheon at the Queens hotel in Niagara Falls Sunday.

The Latter Alleged to Have Unlawfully Required Him to Produce Certain Testimony.

Los Angeles, Cal., July 30.—J. R. Conroy, a local attorney, brought suit here to-day against Hon. George R. Davis, judge of the first judicial district of Arizona, for \$45,000. Conroy, in his complaint, charges that Judge Davis unlawfully required him to withdraw from the United States mail and deposit in court a letter containing two valuable notes. This, it is charged, happened in Arizona in May of this year. These notes were the subject matter of litigation then pending in the district court. THE RUSSIAN DOCK STRIKE

Commerce of Odessa Greatly Crippled by Absence of Laborers.

St. Petersburg, July 30.—The commerce of Odessa is seriously hampered by a strike of dock laborers and sailors belonging to mercantile vessels. The movement is extending to other Russian ports of the Black sea and it is expected to extend to the whole Russian shore, where numbers of vessels are already idle owing to lack of cargoes. The big steamship companies are continuing their services with the help of the government, which is providing them temporarily with sailors from the navy. Rumors are current of Argrian riots at Risican and a number of outbreaks are reported from Mirisk.

London, July 31.—Dispatches received here from Odessa say that the strike is spreading to other factories.

OUT OF SIGHT

CALIFORNIA AUTHORITIES FAIL TO FIND THE TRAIL OF THE TWELVE ESCAPED CONVICTS.

ESCAPE SEEMS LIKELY

The Desperadoes are Believed to be Heading for the Sierra Nevada Mountains—Friends are Probably Lending Assistance to the Men—A Cowboy Claims to Have Met Two of Them.

Placerville, Cal., July 30.—Although hundreds of heavily armed men are now engaged in a search for the twelve surviving prisoners who escaped from the Folsom penitentiary Monday morning, the outlaws remain masters of the situation. They have succeeded in eluding their pursuers and the ultimate escape of at least a portion of the gang seems highly probable. Since the fatal fight at Pilot Hill on Monday night in which one of the convicts was killed, the others have not been seen, unless the story of William Green, a cowboy, who says he met two armed men in Placer county to-day and afterwards identified them by photographs as a couple of the outlaws, proves to be true. Even this affords but a slight clue, though it is being followed by the officials.

The conviction is growing that the fleeing men are headed for the Sierra Nevada mountains and are being aided by ex-convicts who reside along the route.

The people through this section of the state are greatly alarmed notwithstanding the presence of many peace officers and a company of militia. Those residing in isolated localities are in daily dread of the fugitives, who are believed to be short of food and ammunition.
